

LAUNCH YOUR BRAND

YOUR BOWL. YOUR MARK. YOUR COLLECTION.

Private-label singing bowls,
handcrafted and finished in Nepal.

Bring us your logo and your positioning. HSB
turns them into a coherent, manufacturable
collection - selected, branded, quality-checked
and shipped from Nepal.

01 · CHOOSE THE BASE

TWO BOWL BASES. ONE VISUAL DIRECTION BUILT AROUND YOUR BRAND.

Start with the metalwork and price position. Patina, finish and logo treatment are defined only after the base has been chosen.

01

7 METAL

NATURAL · VERSATILE · ACCESSIBLE

The most flexible starting point for a broad retail or wellness collection.

02

PATAN

REFINED · FINE-HAMMERED · PREMIUM

A lighter, controlled surface that works especially well with precise, detailed branding.

02 · BUILD THE VISUAL DIRECTION

CHOOSE THE BASE. THEN CREATE THE SURFACE TOGETHER.

The patina is a finish - not a third bowl family. These real HSB examples show how finish, contrast and engraving can change the same underlying product language.

BASE

CLEAN NATURAL FINISH

A controlled surface for a minimal or premium identity.

FINISH

DARK PATINA + EXPOSED MARK

Age, colour and contrast are explored after the base is selected.

LOGO

LASER-ENGRAVED IDENTITY

Scale, placement and line weight are adapted to each diameter.

ONE DESIGN DIRECTION · SIX DECISIONS

02 · BRANDING & PRICE

MAKE THE SURFACE PART OF YOUR IDENTITY.

Logo, finish, contrast and scale are adapted to the selected handmade bowl - not pasted onto a generic product.

PRICING NOTES

Handmade weights and final unit prices can vary slightly. Patan bowls may be lighter at the same diameter. Shipping and destination charges are separate. Combined customization and note-selection requests are confirmed before production.

03 · HOW WE WORK

FROM YOUR LOGO TO REPEATABLE PRODUCTION.

A clear sequence combines creative adaptation with the technical realities of handmade metal. Approved specifications are retained for future runs.

01

SHARE YOUR BRIEF

Send your logo, brand positioning, target customer and approximate first collection. A clear JPG or PNG is enough to begin.

02

CHOOSE THE BOWL BASE

Select 7 Metal or Patan, then choose the diameters required for the first collection.

03

DEFINE THE SURFACE

Explore a natural, aged, bright or dark patina direction and the contrast required for the mark.

04

ADAPT & APPROVE

We refine line weight, scale, placement and engraving method, then validate the visual direction and any agreed sample.

05

PRODUCE AND CHECK

HSB coordinates bowl selection, finish, engraving, quality control, packing and international shipping.

06

REORDER SIMPLY

We retain the approved base, finish, logo, placement and sizes so future runs follow the same specification.

ONE CLEAR PROJECT CONTACT

HSB can coordinate the discussion in one WhatsApp group covering product choice, engraving, photos, production progress, packing and shipping.
